

Oakland Women Outreaching to Women! (W♀W)

*A collaborative testing and prevention project of
WORLD providing tailored outreach and
responsiveness to local women who are at identified
risk for HIV*

Focusing both on individual and community-level risks for HIV, Oakland WOW! offers gender-responsive and culturally sensitive screening and prevention services for all self-identified women with a focus on women of color ages 18-64 years old.

If you or any other women in your community think you might be at risk for HIV and want to test, call WORLD and ask for Oakland WOW
